

ENVIRO-LYNX INVESTIGATIONS

Do you know what people are saying about your company? What about your brands, products, services?

Our web monitoring service can help you discover all of the information you need to know!

A positive online reputation is key to a company's, brand, service or products success! As part of our web monitoring services, we conduct regular scans of the web and the deep web for any mention of an individual, company, product, brand, personal identifies, numbers, addresses etc. By doing so, we are able to identify positive and negative information at has been recently uploaded to the internet. Knowing when, where and how you are mentioned on the internet allows you to effectively manage your online reputation.

Web monitoring is also a very useful tool in identifying employee moral, customer opinions, consumer support, information trends, activity trends, and competitive intelligence such as competitor information, corporate changes and new products .

Enviro-Lynx Investigations is a licensed investigation agency and a leading provider of background checks, business background investigations, due diligence investigations and corporate intelligence solutions. With over 20 years of experience in this industry, our pioneering efforts to provide these services began long before it was common place. We pride ourselves in putting our clients needs first and foremost. As a boutique agency, we offer a personal, hand on approach to investigations - no matter how big or small.

All investigations are performed by Professional Certified Investigators, Certified Fraud Examiners and open source intelligence specialists. Enviro-Lynx Investigations is fully insured and has a strict privacy policy in place. Rest assured, all inquiries and services are strictly confidential.

Proud members of CPIO, ACFE, ASIS, WAD, CII, IWWA and CPRIC

INVESTIGATIVE RESEARCH

Our in-house research specialists are capable of conducting public record searches as well as investigative and topical research.

SCREENING & BACKGROUND CHECKS

We offer several specialized screening services including pre/post employment screening, client/vendor screening, watch lists and sanctions screening as well as politically exposed persons screening. We also conduct comprehensive background checks and internet vetting.

BUSINESS BACKGROUNDS

A business background investigation involves a more in-depth examination of the background of a business and the principles who run them. These investigations are custom designed to meet your needs.

DUE DILIGENCE INVESTIGATIONS

As due diligence specialists, we offer a variety of specialized due diligence investigations including corporate due diligence, buy-sell due diligence, private equity due diligence, venture capital due diligence and investment due diligence. We can even customize a due diligence program to meet your needs.

OPEN SOURCE INTELLIGENCE

As open source intelligence specialists, we specialize in finding, selecting, acquiring and analyzing information from publically available sources to produce actionable intelligence. Ideal for corporate intelligence, competitive intelligence and risk analysis purposes.

ONLINE INVESTIGATIONS

We offer a wide range on online investigation services including internet vetting, web monitoring and reputation management services.
